

VALENTÍN DEMARCO

UX/UI DESIGNER | PRODUCT DESIGN | SAAS & DIGITAL PRODUCTS

Buenos Aires, Argentina | valendemarco03@gmail.com | [LinkedIn](#) | <https://valendemarco.com.ar>

ABOUT ME

UX/UI Designer focused on digital products, SaaS systems, and web experiences. I work on research, information architecture, user flows, wireframes, prototyping, and visual design in Figma. I'm interested in designing complex products where the interface must organize processes, reduce friction, and deliver real business value.

UX SKILLS

Product Design · User Research · Information Architecture · User Flows · Wireframing · Prototyping · Design Systems · Responsive Design · SaaS Design

MAIN TOOLS

Figma · FigJam · Adobe Photoshop · Adobe Illustrator · Notion · IA Platform · Canva

PROFESSIONAL EXPERIENCE

UX/UI Designer & Co-Founder, iWeb Technology Oct 2024 - Present

- Digital product, SaaS system, and web platform design for industries such as tourism, healthcare, gastronomy, and operational management.
- Definition of information architecture, user flows, wireframes, prototypes, and final screens in Figma.
- Mobile and desktop interface design, prioritizing clarity, visual consistency, and scalability.
- Collaboration with the development team to bring digital products to implementation.

Tourism Administration and Operations, Ruta86 Apr 2024 - May 2026

- Administrative management of reservations, payments, passengers, current accounts, and client communication.
- Control of critical information related to trips, agencies, passengers, and payments.
- Direct experience with real processes in the tourism sector, later applied to the design of digital products for agencies.
- Identification of operational problems such as manual workload, low traceability, and fragmented information.

FEATURED PROJECTS

Tranett — Tourism Agency Management SaaS 2025

- UX/UI design for a SaaS platform created to centralize reservations, passengers, packages, web management, and internal operations for travel agencies and tour operators. Work included research, benchmarking, information architecture, main user flows, visual system, and responsive design.

Vitalis Salud — Healthcare Website & Portal 2025

- UX/UI design for a website and digital portal for occupational medicine, aimed at patients, client companies, professionals, and administrators.

EDUCATION

UX/UI Diploma Feb 2026 - Present

- Universidad Tecnológica Nacional (National Technological University)

Technical Degree in Computer Science Mar 2015 - Dec 2021

- Technical High School No. 8 "Almafuerte"
